HISTORY

IMPORTANT NOTES!

First Ancient History

We are going to skip this book's introduction since so much of it is speculative at best, and has evolutionary beliefs at its base. We'll begin reading this book next week.

Ancient Science

There is some evolutionary material at the bottom of page 6 & top of 9. Discuss these with your student or skip entirely.

THIS WEEK'S MAKE YOUR OWN HISTORY

Creation in Seven Days Page:

Draw in what was created on each day, or find pictures from magazines, cut out and paste in.

Adam and Eve Page:

Write what happened to Adam and Eve in the garden.

Jubal and Tubal-Cain: Copy Genesis 4:21-22.

Visit the Institute for Creation Research's online store:

Here, you will find the latest in books, videos, and DVDs for both homeschooling, children and adult use in finding out more about creation science. The resources available here are solid resources that present creation science and will allow your student to learn more about these important issues. Take some time to browse. Even finding out about these resources may inspire you to track them down locally. Many churches keep a library of these resources, and you may be able to borrow them once you know what you're looking for!

A few recommended books you'll find on the site:

"The Amazing Story of Creation"

"What Really Happened to the Dinosaurs?"

"The Creation: When God Made the World"

"Abraham's Family"

Notebooking:

★ *Make-Your-Own History Instructions*

Creation in Seven Days Page:

Draw in what was created on each day, or find pictures from magazines, cut out and paste in.

Adam and Eve Page:

Write what happened to Adam and Eve in the garden.

Jubal and Tubal-Cain: Copy Genesis 4:21-22.

★ *Timeline Figures to Place*

HS in the Woods - *The Creation, Adam and Eve, Cain and Abel, Jubal and Tubal-Cain*

WinterPromise - *The Creation, Jubal and Tubal-Cain*

★ *Mapping Project - Start an "Early Civilization of Man" Map*

Start a map for your Timelines in History. Use the "Ancient Rome" template. This week, color the seas and oceans blue, and the land a color of your choice such as tan or light green. You'll continue to build this map for several weeks. Label the bottom of the map as "Early Civilization of Man."
